## HTR (Históricos)

- Vista de pájaro
- Resultados a un paso
- Históricos multiformatos
- Realimentado

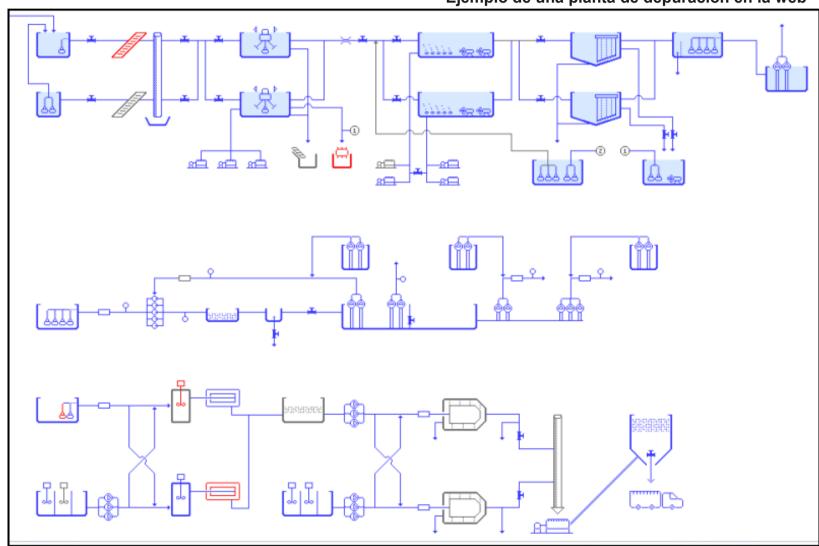

#### python: powered

#### HMI (Human Machine Interface)

- Tiempo real en la web
- Protocolo CASCADAS
- Fácil integración

#### Ejemplo de una planta de depuración en la web

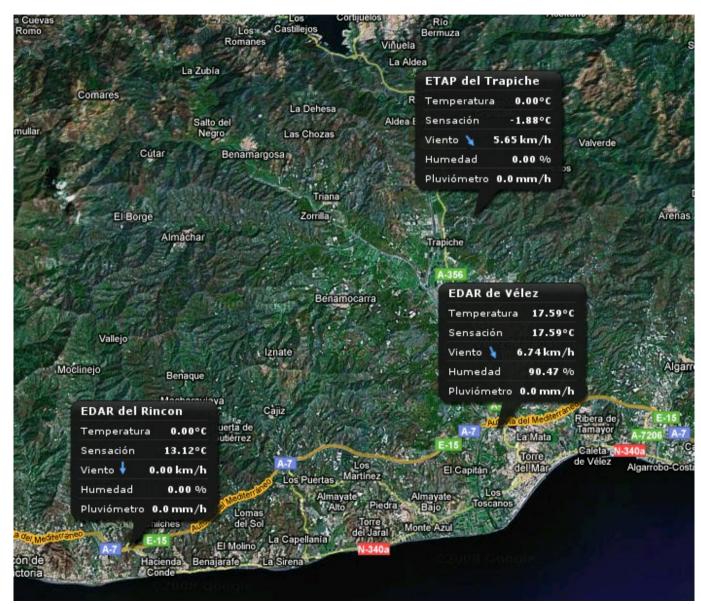

#### python: powered

#### **RTU**

- Control industrial
- Telecontrol
- Versatilidad
- Entrada/salida

Ejemplo de un mapa con información meteorológica
